

3.4 HOMEPAGE BUILDER

Using CuckooTap WordPress Theme Homepage Builder you can build custom homepage layout. Add as many homepage units to your homepage as you want, they are unlimited. Drag any unit to arrange the sequence as you wish. It is easy as 1-2-3!

To add unit URL to navigation menus enter your site URL + add **Unit Title** at the end as shown in the example below:
<http://www.yourdomain.com/#unit-title>

TEAM

MR. HAMBURGER HAMMER
PEANUT TESTER

I like peanuts! Morbi in elit vitae orci volutpat commodo et eu lacus. In tempor suscipit nisi ut luctus. Curabitur diam erat, pretium id tincidunt ac, sodales in turpis. Ut posuere molestie ultricies. In tincidunt eleifend justo, in iaculis magna posuere at.

MRS. MARGARET
FOREST TREE MANAGER

I like peanuts! Nullam quis turpis orci. Ut posuere molestie ultricies. In tincidunt eleifend justo, in iaculis magna posuere at. Phasellus rhoncus, nulla et luctus venenatis, magna lorem tristique orci, sit amet lorem ipsum placerat felis lacus eget quam.

MR. BEAVER PEANUTS
PEANUT EATER ASSITANT

I like Peantuts! Lorem ipsum dolor sit amet, consectetur adipiscing elit. Nulla nulla enim, faucibus ac ultricies vitae, suscipit id eros. Duis in nunc a risus viverra tempor vel vel ligula. Nullam nunc sem, ullamcorper ac vehicula eget, aliquet vitae urna.

3.4.1 HOMEPAGE STRUCTURE

 FIXED  FLOATING

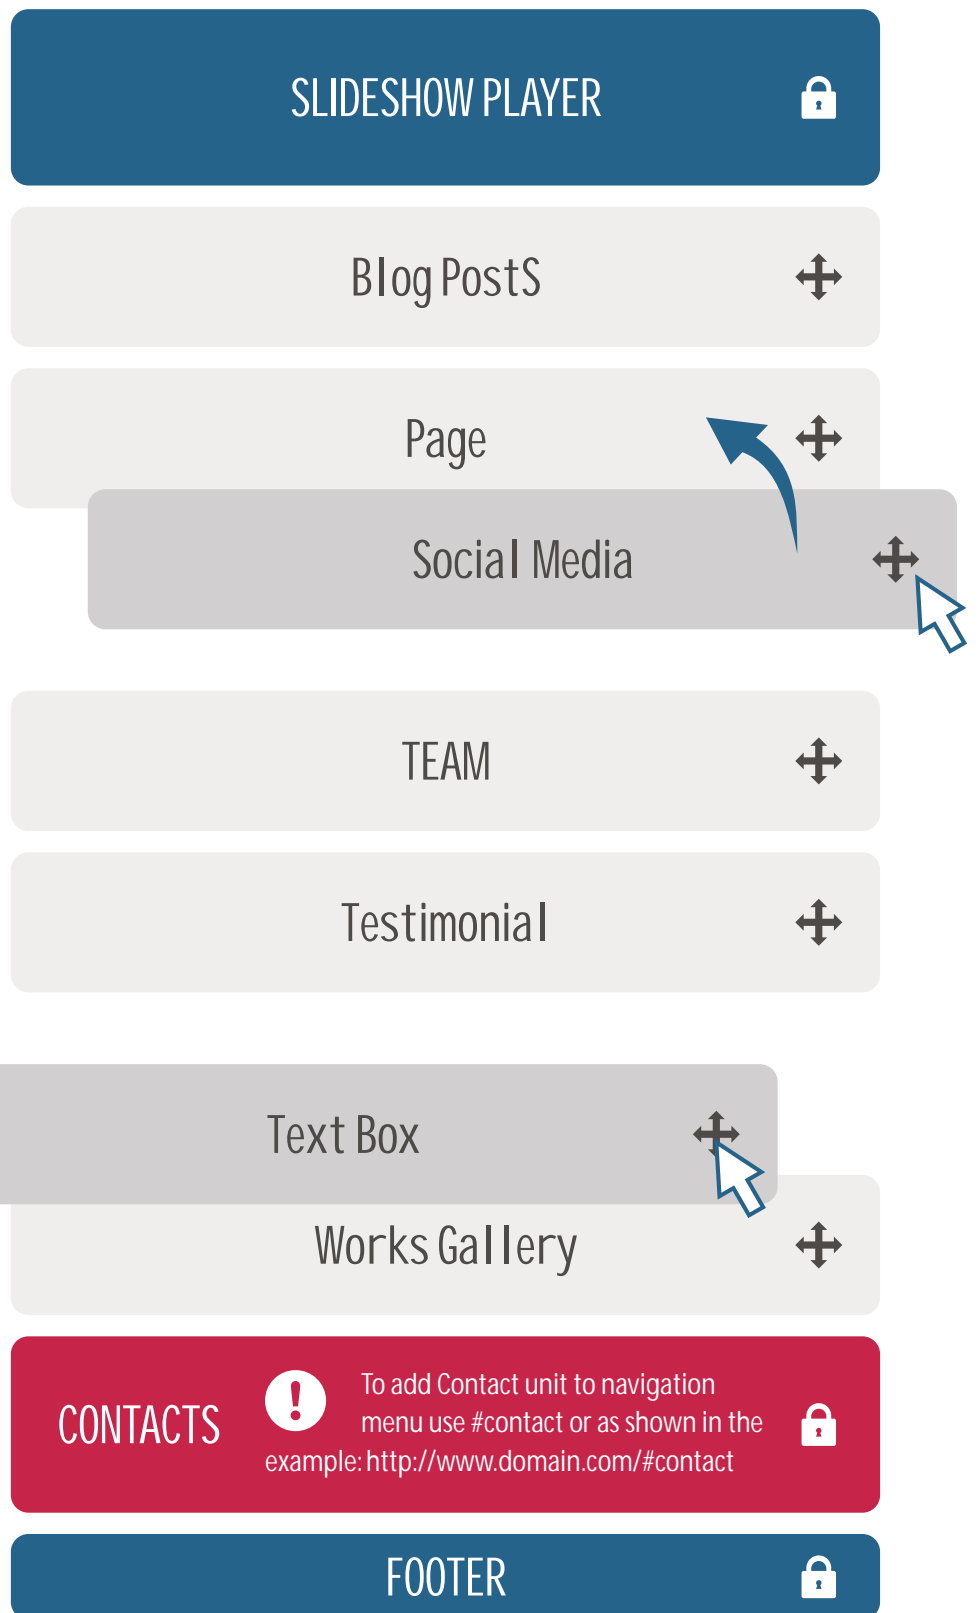

CuckooTap Homepage Layout consists of fixed elements and floating elements. Fixed elements are arranged in fixed positions and cannot be rearranged. Whereas, floating elements can be arranged as you wish and added as many as you wish.

3.4.2 FIXED ELEMENTS

Fixed homepage elements are these: huge [Slideshow Player](#) at the top of the page with logo and main navigation units on it, [Contacts Unit](#) containing your contact details, contact form and Google map, and [Footer](#) at the bottom of the page. You can edit settings for all these elements using the framework.

3.4.3 FLOATING ELEMENTS

Floating elements can change their position in homepage layout according to you wishes and can be fully customizable. These floating elements are: [Blog Posts Unit](#), [Page Unit](#), [Social Media Unit](#), [Team Unit](#), [Testimonial Unit](#), [Text Box Unit](#), [Works Gallery Unit](#). Read more about Floating Elements in following pages.

3.4.3.1 BLOG POSTS

Blog Posts Unit will display featured posts from your blog.

Blog Posts

[Collapse](#) [Delete](#) 

Unit Title **1** **Unit Source** **2**

Enter Number of Posts to Display **3** **Choose Sorting** **4**

Choose Blog Posts Unit Content **5** **Exclude Posts Categories** **6**

Choose Posts Category to be displayed in Homepage Blog Posts Unit.

Enter a comma-separated list of Posts Categories that you want to exclude from displaying in Homepage Blog Posts Unit.
Example: Category1 , Category2, Category3

To Add [Blog Posts](#) Unit click [Add Unit](#) button and a new unit below all units will appear. Click [Expand](#) button, enter [Unit Title](#) [1], select [Blog Posts](#) [2] as unit source, enter [Number of Posts to display](#) [3], choose [Posts Sorting](#) [4], Choose [Posts Category](#) [5], [Exclude Posts Categories](#) [6] and click [Save](#) button.

To change any floating unit position drag selected unit up or down by using [Drag](#) button.

If you want you can add a Custom Background Image or set Custom Color for this unit.

To delete unit click [Delete](#) button and then click [Save](#) button.

3.4.3.4 TEAM

The purpose of Team Unit is to introduce your team. Information about it can be managed in a [Team Section](#) of this framework.

A screenshot of the configuration panel for a "Team" unit. At the top, the word "Team" is displayed in a bold font. To its right are three buttons: "Colapse", "Delete", and a plus sign icon. Below this, there are two input fields: "Unit Title" with the value "Team" and a blue circle with the number "1" next to it; and "Unit Source" with a dropdown menu showing "Team" and a blue circle with the number "2" next to it. Further down, there are two more controls: "Enter Number of Team Members to Display" with a numeric input field showing "4" and a blue circle with the number "3" next to it; and "Choose Sorting" with a dropdown menu showing "Random" and a blue circle with the number "4" next to it.

To Add [Team Unit](#) click [Add Unit](#) button at the top of the Homepage Builder and a new unit below all units will appear. Click [Expand](#) button, enter [Unit Title](#) [1], select [Team](#) [2] as unit source, enter [Number of Team Members to display](#) [3], choose [Team Members Sorting](#) [4] and click [Save](#) button.

To change any floating unit position drag selected unit up or down by using [Drag](#) button.

If you want you can add a Custom Background Image or set Custom Color for this unit.

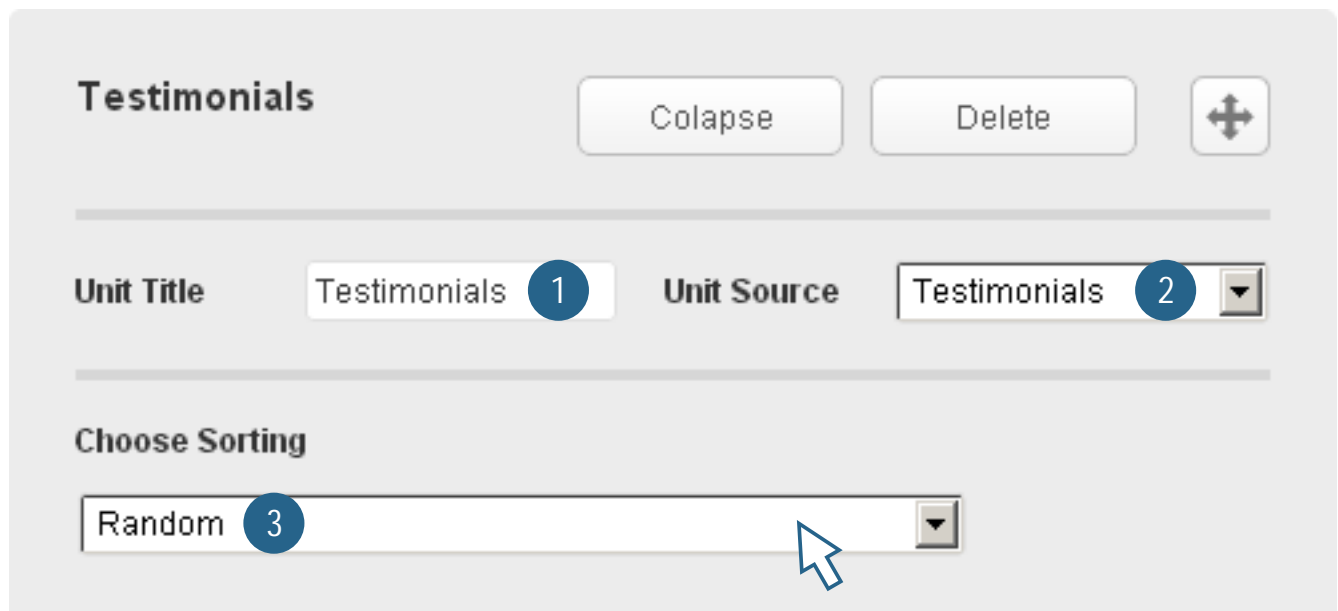

To delete unit click [Delete](#) button and then click [Save](#) button.
